Cattle Market

October 21, 2019

Market Report is a computer average on cattle. Not a computer High/Low.

The fall runs are upon us with non-vaccinated cattle selling with a hard discount. Market Ready calves sold with good demand but few were in the sale this week. Several cows and bulls coming to town to beat winter weather causing the market to drop \$3.00 to \$5.00 a hundred. November 4th is the next Market Ready Sale with several already consigned.
