September 16, 2019

Market Report is a computer average on cattle. Not a computer High/Low.

Feeder Cattle are trying to trend higher with some uncertainty of how many are out in the country. Be very cautious on retaining these calves with the first frost looming. Prices may drop quickly if they all come to market at one time.

Cows and bulls trending lower each week now because people are starting to preg test and cull before the cold weather starts coming. This is a nationwide occurrence this time of year.

Steers:

300 to 399 lbs. 161.00-178.00
 400 to 499 lbs. 159.00-171.00
