Cattle Market

September 23, 2019

Market Report is a computer average on cattle. Not a computer High/Low.

Looks like cattle are on an up trend with all the producer support against large packers. There was a very high demand for Market Ready cattle. With few offered due to the large Fall Round Up Sale on October 14th and producers holding those cattle to market then. Unweaned cattle will trend lower due to health issues in the fall. Cows and Bulls Steady.
